Registered student organizations are normally not charged for equipment managed by the Northern Center. Complex orders which require special equipment or technical work and/or those which exceed the Northern Center's inventory may be subject to charges. Equipment ordered through the Audio Visual Services department will be subject to applicable charges. Use of equipment outside the Northern Center is subject to a 100% increase in rental rate.

Furnishings	
All Tables (8', 6' or round)	
First day (each, per day)	3.00
Each Additional Day (each, per day)	1.00
Pipe and Drape (per section, up to 8')	25.00
Chairs (metal, cushioned, stacking)	
First Day (each, per day)	0.75
Each Additional Day (each, per day)	0.25
Risers (8" or 16")	
First Day (each, per day)	2.50
Each additional day (each, per day)	0.75

Note: Use of equipment outside the Northern Center is subject to a 100% increase in rental rate and is subject to availability. Transportation arrangements for furniture used outside of the Northern Center must be made through Northern Center & Event Services. Additional fees for vehicle use and labor may apply.

The establishment of a charge for equipment/furniture rental rate does NOT imply that the Northern Center is in the market to rent equipment on a regular basis. It should be noted that equipment purchased with Northern Center funds is intended to support student programs, banquets, conferences, and other events held in the Northern Center. In emergency situations when an NMU department is not able to secure an adequate supply of tables and/or chairs for a University event, and tables and/or chairs are not required in the Northern Center, the Director or Assistant Director of the Northern Center may authorize rental. NMU policy precludes the Northern Center Operations staff from loaning or renting equipment to off-campus organizations or individuals.

Customer charges for other related services are based on the above rates. A complete listing of all prices is posted at the entrance to the Cosmetology Department at the Jacobetti Complex. These charges have been determined as a compromise between an appropriate price for student administered services and one that is not unfair competition to local business establishments. The service charge for students enrolled in the Cosmetology Program will be waived. They will be billed only for the cost of the product used. Exceptions to any customer pricing policy as stated above will be fully documented.
